First check out dive after deployment. Had to use Kirby reg since the tri-metal had a bad o-ring. Really good dive. Got in over the rocks by the pool and headed left down the coast for about 20 minutes. Not many fish but plenty of bugs--some quite large. 8-12 ft vis. No swell sharks at all but many sheep crabs. Got out at the beach. Surge and swell had picked up so had to time the exit a bit. Overall a good dive.,
